## The Strategic Tool

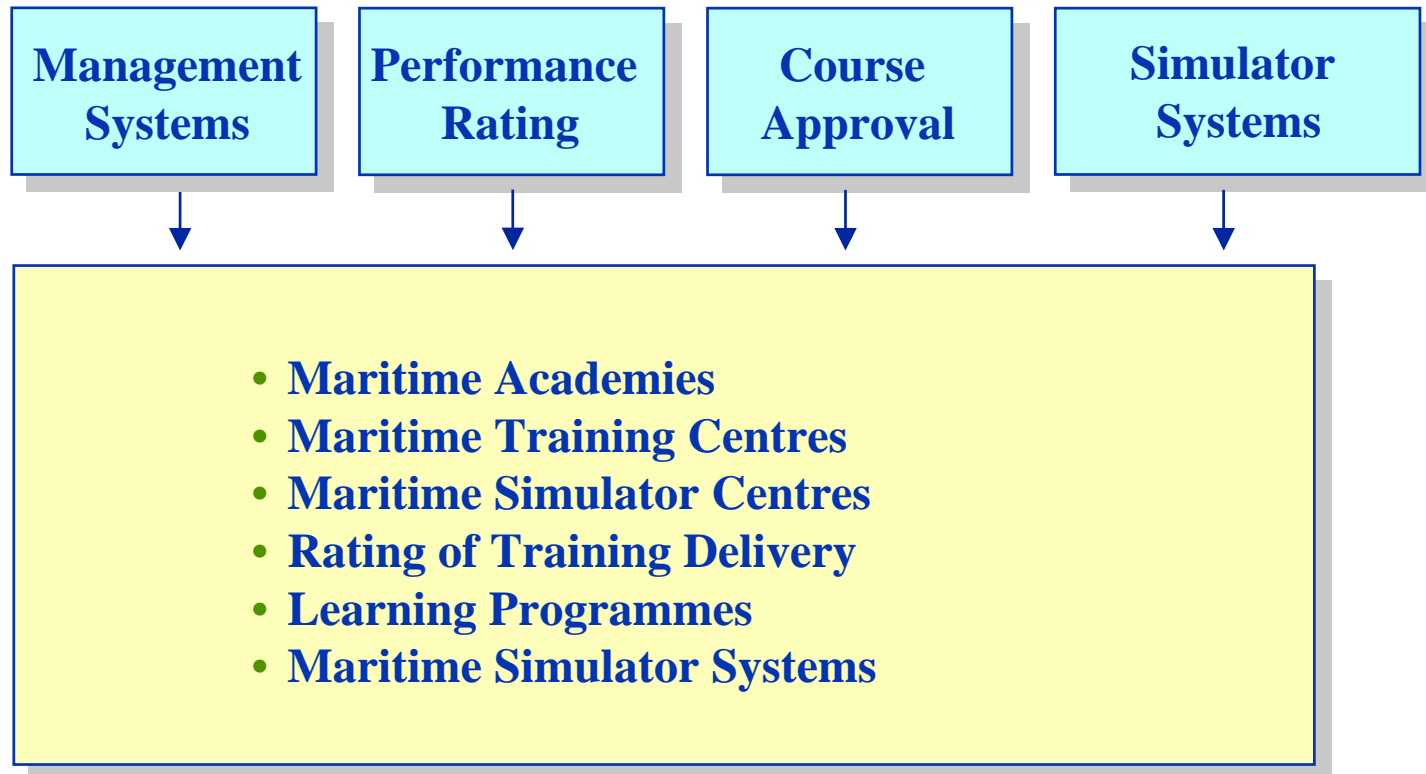

# DNV Competence and Training Certification

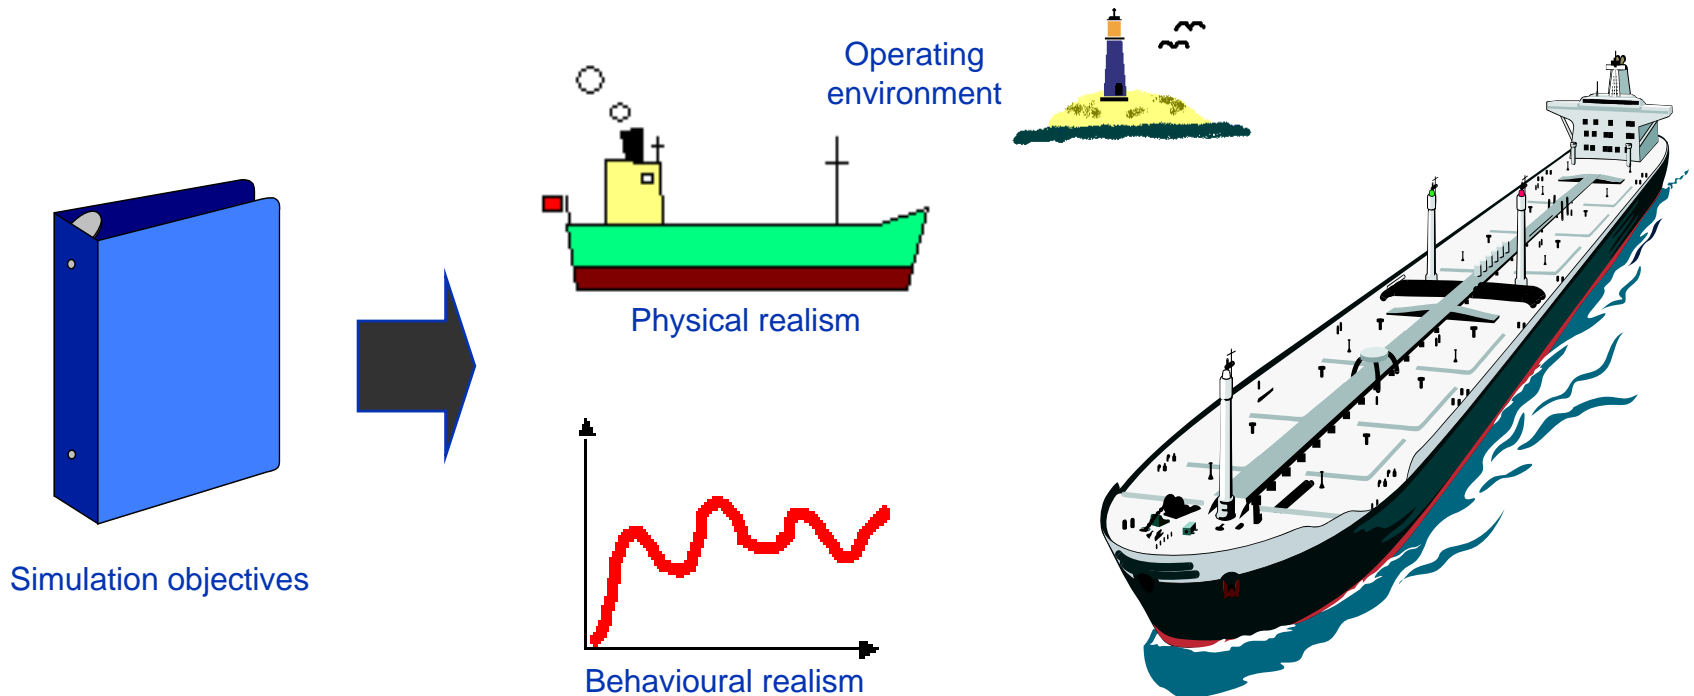

# Standards for Training Certification

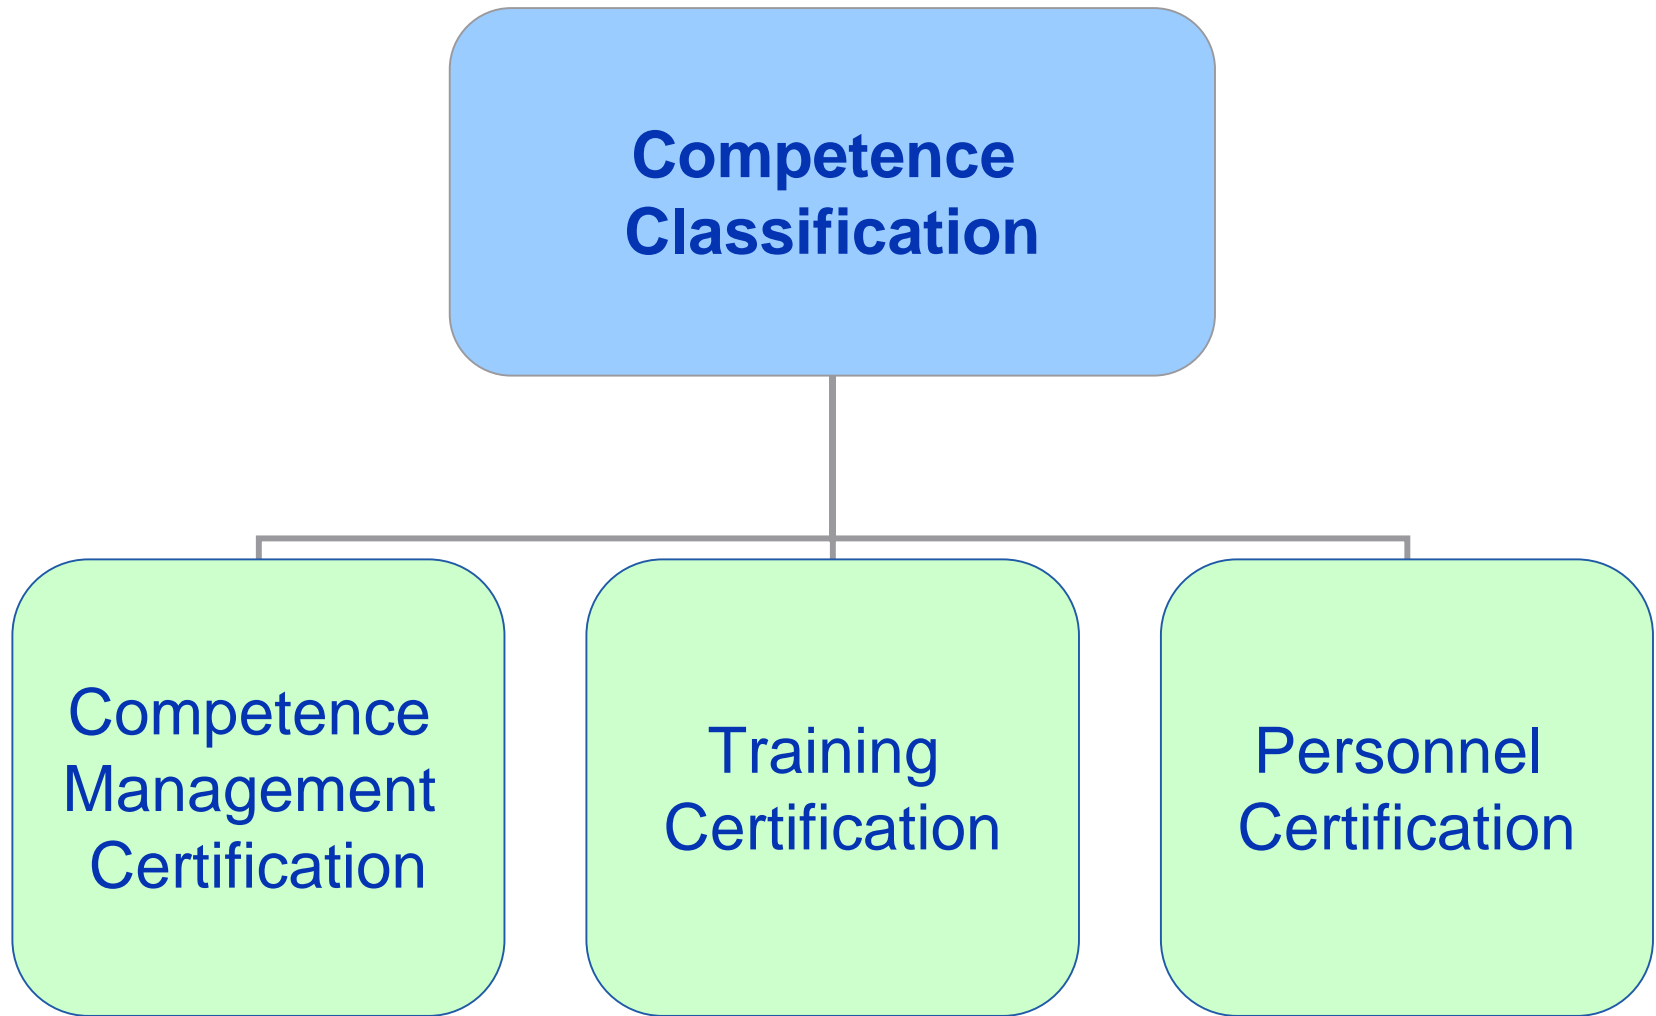

# Simulator Certification

The purpose of the Maritime Simulator Standard is to ensure that the simulations provided by the simulator include an appropriate level of physical and behavioural realism in accordance with recognised training/assessment objectives

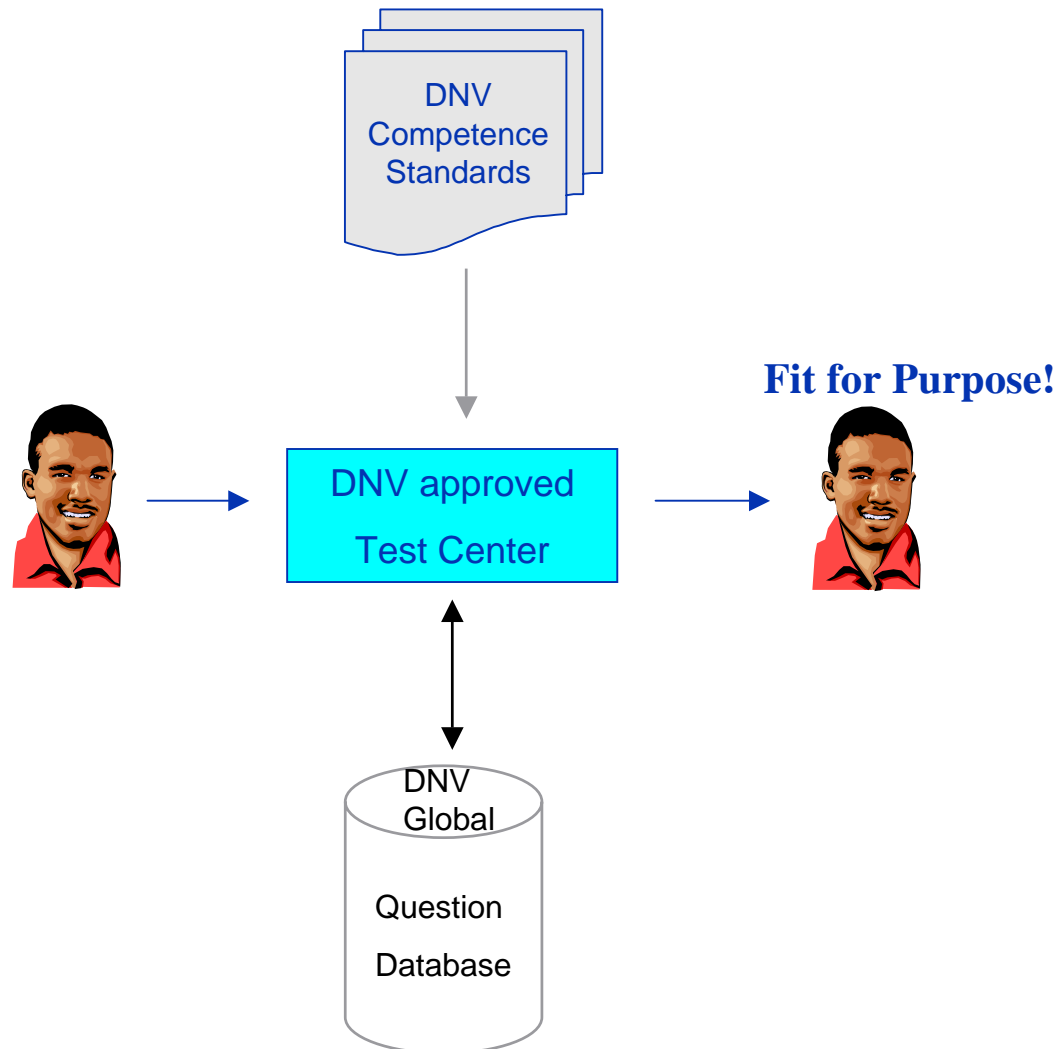

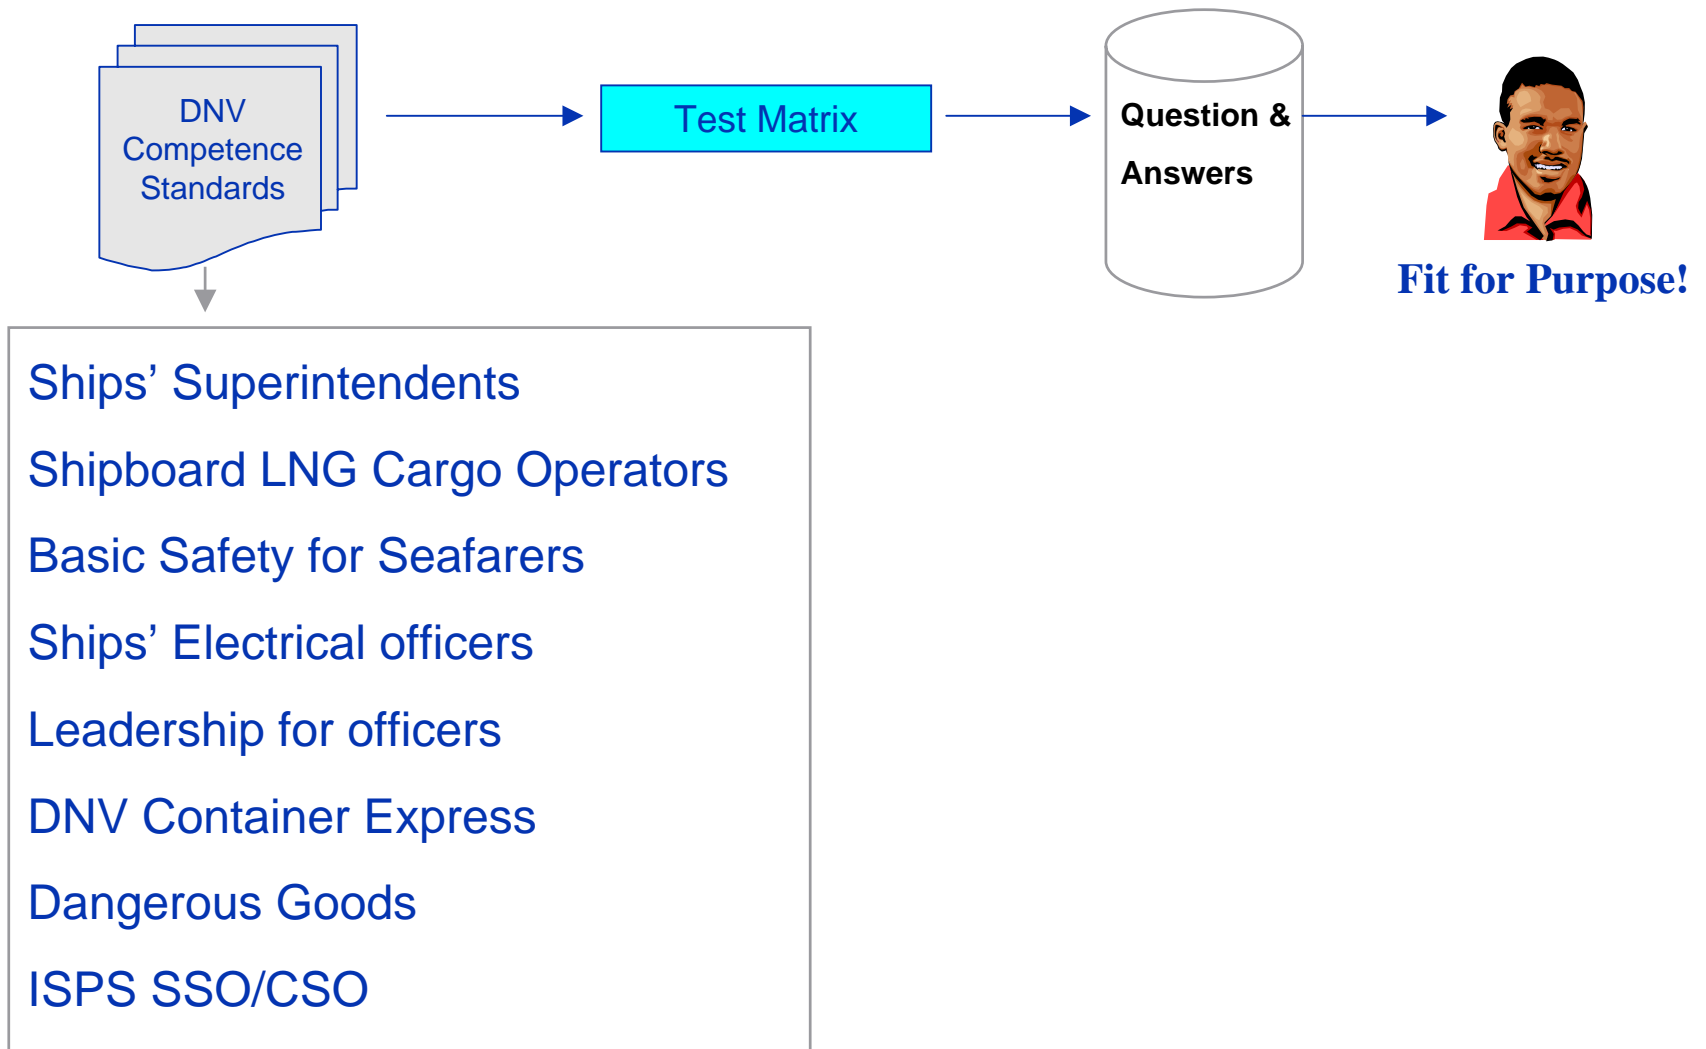

# DNV SeaSkill - Personnel Certification

DNV service developed to ensure individuals in key positions possess the right competence

- Standards of competence developed by the industry for different maritime positions
- Practical and theoretical test of competence as defined by standard
- Global network of DNV accredited test-centres
- Building on class systematic
